

CENTAURUS METALS LIMITED

CORPORATE GOVERNANCE STATEMENT

FOR THE YEAR ENDED 31 DECEMBER 2015

This statement outlines the Corporate Governance Practices adopted by the Board of Directors for the financial year ended 31 December 2015.

This statement is current as at 31 March 2016 and has been approved by the Board.

This statement explains how Centaurus addresses the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations – 3rd Edition (“ASX Principles or Recommendations”).

In addition to the information contained in this statement, the Company’s website www.centaurus.com.au has a dedicated corporate governance section which includes copies of key corporate governance policies adopted by the Company.

Where Centaurus’ corporate governance practices do not correlate with the ASX Principles and Recommendations, it is because the Board does not consider it practical to implement those recommendations due to the size and stage of development of Centaurus’ operations and the Board’s reasoning for any departure is explained. As the Company’s activities develop in size, nature and scope the implementation of additional corporate governance structures will be given further consideration.

Principle 1: Lay solid foundations for management and oversight

1.1 A listed entity should disclose the respective roles and responsibilities of its board and management and those matters expressly reserved to the board and those delegated to management

The primary responsibility of the Board is to represent and advance shareholders’ interests and to protect the interests of all stakeholders. To fulfill this role the Board is responsible for the overall corporate governance of the Company including its strategic direction, establishing goals for management and monitoring the achievement of these goals.

The responsibilities of the Board include:

- approving the Company’s strategy, business plans and policies;
- approving and monitoring the progress of major capital expenditure, capital management and capital raising initiatives, and acquisitions and divestments;
- monitoring the Company’s performance in delivering its strategic plans;
- monitoring financial performance and approving the annual and half-year financial reports;
- appointing, re-appointing or removing the Company’s external auditors;
- approving the Company’s system of corporate governance, including formation of Board Committees and the terms of applicable governing charters, and monitoring their effectiveness;
- determining the size, composition and structure of the Board, and process for evaluating its performance;
- approving the overall remuneration policy, including remuneration for non-executive Directors, executive Directors and senior executives;
- appointment, performance assessment, determining remuneration and, if necessary, removal of the Managing Director;
- approving and reviewing senior management succession plans and significant changes to the organisational structure;
- reviewing, approving and monitoring the Company’s risk management systems; and
- enhancing and protecting the reputation of the organisation.

The Board has established functions that are reserved for the Board, as separate from those functions discharged by the Managing Director and senior executives, and they are summarised in the Company’s Board Charter which is available on the Company’s website www.centaurus.com.au/corporate-governance

CENTAURUS METALS LIMITED

CORPORATE GOVERNANCE STATEMENT

FOR THE YEAR ENDED 31 DECEMBER 2015

1.2 A listed entity should carry out appropriate checks of board candidates and provide information to shareholders that is material to their candidacy

The Board oversees arrangements for the effective appointment of new Directors. When considering the appointment of a new Director, the Board may engage the services of an independent recruitment firm to assist identify suitable candidates to be shortlisted for consideration for appointment to the Board and to carry out appropriate reference checks before the Board makes an offer to a preferred candidate.

Newly appointed directors must stand for reappointment at the next subsequent AGM. The Notice of Meeting for the AGM provides shareholders with information about each Director standing for election or re-election including details of relevant skills and experience.

1.3 A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment

New Directors consent to act as a director and receive a formal letter of appointment which sets out duties and responsibilities, rights, and remuneration entitlements.

Each Executive is employed under a Service Agreement which sets out the terms on which the Executive is employed including details of the Executive's duties and responsibilities, rights, and remuneration entitlements. The Service Agreement also sets out the circumstances in which the employment of the Executive may be terminated by either the Company or the Executive, including details of the notice periods required to be given by either party, or the amounts payable to the Executive as a consequence of the termination by the Company of the Executive's employment.

1.4 The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board

Centaurus' Company Secretary has a direct reporting line and is accountable to the Chair of the Board.

1.5 A listed entity should have a policy concerning diversity and disclose that policy together with measurable objectives for achieving gender diversity and its progress towards achieving those objectives

The Company's Diversity Policy is set out on the Company's website www.centaurus.com.au/corporate-governance

The Policy does not include measurable objectives as the Board believes that the Company will not be able to successfully meet these given the size and stage of development of the Company.

Given the size of the Company the Directors do not consider it appropriate to set measurable objectives in relation to diversity. Notwithstanding this the Company strives to provide the best possible opportunities for current and prospective employees of all backgrounds in such a manner that best adds to overall shareholder value and which reflects the values, principles and spirit of the Company's Diversity Policy.

At the end of the 2015 financial year, the Company had a total of 3 women employees out of a total of 9 employees and contractors, however, the Company had no women in senior executive positions or women on the Board.

CENTAURUS METALS LIMITED

CORPORATE GOVERNANCE STATEMENT

FOR THE YEAR ENDED 31 DECEMBER 2015

1.6 A listed entity should disclose the process for evaluating the performance of the Board, its committees and individual Directors

The Company's Board Charter sets out the process to undertake an annual performance evaluation of the Board which includes comparing the performance of the Board with the requirements of its Charter.

For the 2015 financial year there was no formal performance evaluation undertaken. Evaluation of the Board is carried out on a continuing and informal basis. The Company will put a formal process in place as and when the level of operations justifies it.

1.7 A listed entity should disclose the process for evaluating the performance of senior executives

For the 2015 financial year there was no formal performance evaluation undertaken of senior executives. Evaluation of senior executives is carried out on a continuing and informal basis. The Company will reinstate formal processes as and when the level of operations justifies it.

Principle 2: Structure the Board to add value

2.1 The Board of a listed entity should establish a nomination committee

Given the Company's size and the complexity of its affairs, it is not considered necessary to have a separate Nomination Committee. The Board as a whole will identify candidates and assess their skills in deciding whether an individual has the potential to add value to the Company. The Board may also seek independent advice to assist with the identification process.

In selecting and appointing new Directors the Board undertakes a proper assessment of prospective Directors which includes, but is not limited to, their relevant experience and achievements, compatibility with other Board members, credibility within the Company's scope of activities, and intellectual and physical ability to undertake Board duties and responsibilities.

2.2 A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership

For the 2015 financial year the Board did not have a skill matrix setting out the skills and diversity that the Board currently has or is seeking to achieve in its membership. The Board is satisfied that it has an appropriate mix of skills for strategic decision-making and effective oversight in relation to the Company's exploration and development activities. The skills, experience and expertise of each director is set out in the Directors' Report in the Annual Report.

2.3 A listed entity should disclose whether its Directors are independent

Centaurus considers a Director to be independent where they are free of any interest, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect his or her capacity to bring an independent judgement to bear on issues before the Board and to act in the best interest of the entity and its security holders generally.

The Board has adopted a definition of independence based on that set out in Recommendation 2.3 of the ASX Corporate Governance Council Principles and Recommendations. The Board will review the independence of each Director in light of interests disclosed to the Board from time to time.

CENTAURUS METALS LIMITED

CORPORATE GOVERNANCE STATEMENT

FOR THE YEAR ENDED 31 DECEMBER 2015

Details of the Board of Directors as at the date of this statement, their appointment date and independence status is as follows:

Director	Appointment Date	Independent Status
Didier Murcia	16 April 2009	Independent Non-Executive Chairman
Darren Gordon	4 May 2009	Non-Independent Managing Director
Mark Hancock	23 September 2011	Non-Independent Non-Executive Director
Bruno Scarpelli	3 September 2015	Non-Independent Executive Director

The Board has determined that Mr Murcia is considered to be an independent Director as he is not a member of management and there is no relationship affecting that status. He is not a substantial shareholder, past or present employee, or a material professional adviser, consultant, supplier or customer with or to the Company, nor does he have any material contractual relationship with the Company other than as a Director.

The Board has determined that Mr Gordon who is the Managing Director and Mr Scarpelli who is an Executive Director are not considered to be independent.

Mr Hancock is an executive employee of Atlas Iron Limited, one of the Company's largest shareholders. As a result, in accordance with Recommendation 2.3, the Board is of the view that Mr Hancock is not an independent director.

2.4 A majority of the Board of a listed entity should be independent directors

The Board at the date of this statement does not consist of a majority of independent directors. The composition of the Board is presently four Directors, two of whom are Non-Executive and two are Executive Directors. Of the four Directors, one is independent and three are non-independent.

The Board considers that the composition of the existing Board is appropriate given the scope and size of the Company's operations and the skills and experience of the existing Board members. Appropriate mechanisms are in place to avoid perceived or actual conflicts of interest.

2.5 The Chair of the Board of a listed entity should be an independent director and should not be the same person as the Managing Director

The role of the Chairman is undertaken by Mr Didier Murcia, an independent Non-Executive Director.

The role of the Managing Director is undertaken by Mr Darren Gordon.

2.6 The Board should establish a program for inducting new directors and provide appropriate professional development opportunities for Directors

The Company's Board Charter sets out the induction procedure for new directors. Directors are assisted by fellow directors and senior management to maintain and develop their skills and knowledge in relation to corporate governance policies and the business sectors in which the company operates in. All directors have direct access to the entire senior management team, including the company secretary, and are provided with information on a timely basis. The skills and knowledge of non-executive directors is also developed and maintained by their directorships with other public and private companies.

CENTAURUS METALS LIMITED

CORPORATE GOVERNANCE STATEMENT

FOR THE YEAR ENDED 31 DECEMBER 2015

Principle 3: Act ethically and responsibly

3.1 A listed entity should establish a Code of Conduct

The Company has established a formal Code of Conduct to guide the Directors, the Managing Director and employees with respect to the practices necessary to maintain confidence in the Company's integrity, the practices necessary to take into account legal obligations and reasonable expectations of stakeholders, and the responsibility and accountability of individuals for reporting and investigating reports of unethical practices. The Code of Conduct is disclosed on the Company's website www.centaurus.com.au/corporate-governance

The Company has also established an Anti-Bribery and Corruption Policy which is disclosed on the Company's website www.centaurus.com.au/corporate-governance

Principle 4: Safeguard integrity in corporate reporting

4.1 The Board of a listed entity should establish an appropriately structured audit committee

The Board considers that due to the size and complexity of the Company's affairs it does not merit the establishment of a separate audit committee. Until the situation changes the Board of Centaurus carries out all necessary audit committee functions which includes reviewing the appointment and removal of the external auditor and the rotation of the audit engagement partner.

The Board meets on a regular basis and discusses matters normally captured under the terms of reference of an audit committee, being company risk, controls and general and specific financial matters.

4.2 CEO and CFO certification of financial statements

Both the Managing Director and the Chief Financial Officer make a statement to the Board prior to approval of the annual and half-yearly accounts, and also in regards to the quarterly Appendix 5B report, that in their opinion, the financial records of the Company have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Company and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

4.3 External auditor attends AGM

The external auditor attends Centaurus' Annual General Meeting. Shareholders are given a reasonable opportunity at the meeting to ask the auditor questions relevant to the conduct of the audit, the Independent Audit Report, the accounting policies adopted by Centaurus and the independence of the auditor.

Principle 5: Make timely and balanced disclosure

5.1 A listed entity should establish written continuous disclosure policies and ensure compliance with those policies

The Company has established a Continuous Disclosure Policy designed to ensure compliance with ASX Listing Rule disclosure requirements and to ensure accountability at senior executive level for that compliance.

The Company's Continuous Disclosure Policy is publicly available on the Company's website www.centaurus.com.au/corporate-governance

CENTAURUS METALS LIMITED

CORPORATE GOVERNANCE STATEMENT

FOR THE YEAR ENDED 31 DECEMBER 2015

Principle 6: Respect the rights of shareholders

6.1 A listed entity should provide information about itself and its governance to investors via its website

Centaurus' website at www.centaurus.com.au provides detailed information on the Company, including its background, objectives, projects, contact details and all key corporate policies and statements. ASX announcements, Company Reports and presentations are uploaded to the website following release to the ASX.

6.2 A listed entity should design and implement an investor relations program to facilitate effective two-way communication with investors

The Company respects the rights of its shareholders and stakeholders and seeks to facilitate the effective exercise of those rights by promoting effective proactive communication and encouraging shareholder participation at annual general meetings. Shareholder feedback through our website and third party sites provide the opportunity to address questions to the Company. Appropriate measures are also taken to keep shareholders informed about the Company's activities and to listen to issues or concerns raised by shareholders.

Fundamental to Centaurus' investor relations program is the management of its continuous disclosure obligations which facilitates all shareholders having access to important company information. In addition to lodging this information with the ASX, Centaurus uses its website to make available to shareholders information about the company and its activities.

Shareholders can also register with the Company to receive e-mail notifications when an announcement is made by the Company to the ASX, including the release of the Annual Report, half yearly reports and quarterly reports. Links are made available to the Company's website on which all information provided to the ASX is posted.

6.3 A listed entity should disclose the policies and processes it has in place to facilitate and encourage participation at meetings of shareholders

Notices of meeting sent to Centaurus' shareholders comply with the "Guidelines for Notices of Meeting" issued by the ASX in August 2007.

The Chair also encourages shareholders at the meeting to ask questions and make comments about Centaurus' operations. The Chair may respond directly to questions or at his discretion may refer a question to another Director, the Managing Director or a senior executive.

6.4 A listed entity should give shareholders the option to receive communications from, and send communications to, the entity and its share registry electronically

Shareholders have the option of electing to receive all shareholder communications by e-mail. Centaurus provides a printed copy of the Annual Report to only those shareholders who have specifically elected to receive a printed copy.

All announcements made to the ASX are available to shareholders by e-mail notification when a shareholder provides the Company with an e-mail address and elects to be notified of all Centaurus ASX announcements.

CENTAURUS METALS LIMITED

CORPORATE GOVERNANCE STATEMENT

FOR THE YEAR ENDED 31 DECEMBER 2015

The Centaurus Share Register is managed and maintained by Advanced Share Registry Limited. Shareholders can access their shareholding details or make enquiries about their current shareholding electronically by quoting their Shareholder Reference Number (SRN) or Holder Identification Number (HIN), via the Advanced Share investor centre at: <https://www.advancedshare.com.au/investors.aspx>

Principle 7: Recognise and manage risk

7.1 A listed entity should establish an appropriately structured risk management committee for the oversight of material business risks

The Board has not set up a separate risk management committee and approaches risk on a full Board basis. The Board of Directors is responsible for overseeing and approving policies for the management and oversight of material business risks, internal compliance and internal controls. The objectives of Centaurus' risk management program are contained in the Risk Management Policy which is available on the Company's website at www.centaurus.com.au/corporate-governance

The Company has in place a system of risk management that identifies, categorises and manages material business risks faced by the Company.

The Board has delegated responsibility for establishing and maintaining effective management strategies for material business risk to the Managing Director. The Managing Director reports progressively as to the effectiveness of the Group's risk management systems.

The Board recognises that no cost effective internal control system will preclude all errors and irregularities. The Board reviews the business and financial risk management systems and internal control systems implemented by management to obtain reasonable assurance that the entity's assets are safeguarded and that the reliability and integrity of its financial information is maintained.

7.2 The Board or a Committee of the Board should review the company's risk management framework at least annually to satisfy itself that it continues to be sound

A formal annual review of the Company's risk management framework was not undertaken during the year due to the reduced size and scale of the organisation. The Board and senior management do, however, discuss on an ongoing basis the risks facing the company, acceptable levels of risk and the measures for managing risks.

7.3 A listed entity should disclose the structure and role of its internal audit function

The Company does not have an internal audit function due to its size and stage of development of its operations. The Board believes that the external financial audits and the Board's and management's regular reviews of risk management and internal control processes are sufficient for a company of this size.

7.4 A listed entity should disclose whether it has any material exposure to economic, environmental and social sustainability risks and how those risks are managed

The Company has exposure to the following risks:

- Equity Capital Markets – the Company is without a cash flow and is reliant upon the existing shareholders and equity capital markets to fund the company's activities. The Company maintains close control on its finances and communicates frequently to its shareholders and the market as to the Company's strategy to manage this risk.

CENTAURUS METALS LIMITED

CORPORATE GOVERNANCE STATEMENT

FOR THE YEAR ENDED 31 DECEMBER 2015

- Commodity price – the Company, like all resource companies, is exposed to commodity price volatility. At this stage (exploration and evaluation) the company's risk exposure in this area is at its lowest.
- Currency - the Company is exposed to currency risk on purchases that are denominated in currency other than the respective functional currencies of the Australian dollar (AUD) and Brazilian Real (BRL). The Company's investment in its Brazilian subsidiary is denominated in AUD and is not hedged as those currency positions are considered to be long term in nature.
- Environmental risks – at the present stage of exploration and evaluation the Company is exposed to few environmental risks. The Company has an Environmental Policy and an active Risk/Hazard identification programme at its operating sites.
- Social sustainability risks – also at this present stage of exploration and evaluation the Company is exposed to few social and sustainability risks. The Company maintains close awareness of its social responsibilities and to this end in Brazil, it maintains regular personal contact between Centaurus personnel and representatives of the local community and regional administration. At this stage of exploration and evaluation the Company uses these contact sessions to manage local expectations of employment and community development in particular.

Principle 8: Remunerate fairly and responsibly

8.1 The Board of a listed entity should establish a remuneration committee

The Board considers that due to the size and limited complexity of the Company's affairs it does not merit the establishment of a separate remuneration committee. Until the situation changes the Board of Centaurus will carry out any necessary remuneration committee functions. The Board undertakes this role with the assistance of any external advice which may be required from time to time.

8.2 A listed entity should distinguish the structure of non-executive directors' remuneration from that of executive directors and senior executives

Centaurus' remuneration structure distinguishes between Non-Executive Directors and that of the Managing Director and senior executives.

A Remuneration Report required under Section 300A(1) of the Corporations Act is provided in the Directors' Report of the Company's Annual Report.

8.3 A listed entity should establish a policy on whether participants in equity based remuneration schemes are able to enter into transactions which limit the economic risk of participating in those schemes

In accordance with the Company's Share Trading Policy which is available on the Company's website at www.centaurus.com.au/corporate-governance all participants in equity based incentive plans are prohibited from entering into transactions which limit the risk of participating in unvested entitlements in Centaurus shares.

Appendix 4G

Key to Disclosures Corporate Governance Council Principles and Recommendations

Name of entity:

Centaurus Metals Limited

ABN / ARBN:

40 009 468 099

Financial year ended:

31 December 2015

Our corporate governance statement² for the above period above can be found at:³

- These pages of our annual report:
- This URL on our website: www.centaurus.com.au/corporate-governance

The Corporate Governance Statement is accurate and up to date as at 31 March 2016 and has been approved by the board.

The annexure includes a key to where our corporate governance disclosures can be located.

Date: 31 March 2016

Name of Director or Secretary authorising lodgement: Geoff James - Secretary

¹ Under Listing Rule 4.7.3, an entity must lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

² "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

³ Mark whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where the entity's corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.
